Adams Place
Murfreesboro, Tennessee

*Retirement &
Assisted Living
Facilities*

This facility is one of the signature healthcare facilities developed by National Healthcare Corporation, located in Murfreesboro, Tennessee. Projecting the image of an upscale condominium development, this complex is a state-of-the-art retirement facility including assisted living through dependent care services. Carpenter Wright Engineers provided structural engineering services for this two-way post-tensioned, three-story, cast-in-place concrete structure.
