University of Tennessee Student Recreation Center
Knoxville, Tennessee

*University
Recreation Facilities*

At 150,000 square feet and three stories, this facility houses four full size basketball courts, three racquetball courts, an indoor track, saunas, and lounge areas. The \$20 million complex was designed to serve both the fitness and social needs of students. The outdoor pool is overlooked by a patio on the second level, and administrative offices are located on the third floor. This facility also features game rooms, meeting rooms for student clubs, and a health center.
